

# How to Access Free Mammograms in LA

1

Visit California's Cancer Detection Program - Every Woman Counts (CDP-EWC) website to access clinics that provide free breast and cervical cancer screenings.

2

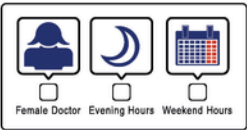

## Check if you meet the requirements:

- Live in California
- Women at least 40 years of age
- Or any gender at any age with breast cancer symptoms
- Have no or limited insurance
- Are not getting these services through Medi-Cal or another government-sponsored program
- Meet EWC Income Criteria

3

Click on 'Provider Locator.'  
Enter your zip code or city and street.

Under "Advanced Options," you can select your preferences for the city, language spoken, female doctors, and clinic availability. Click "search".

4

Select the clinic most accessible to you from the list provided and call the clinic number provided. Call the EWC number for any questions:
